Vol. V Issue-II, December 2020

My association with Dr. Maya Ingle, the key of Deen Dayal Upadhyay Kaushal Kendra (DDU-KK), Devi Ahilya Vishwavidyalaya, Indore for more than three decades has given me ample opportunities to become familiar with her style of functioning. As an alumnus of Devi Ahilya Vishwavidyalaya, I have always admired the remarkable progress made by my university especially after the silver jubilee through evolution of innovative practices. Dr. Maya Ingle has always been a motivated person and takes care that her team remains in a motivated mode throughout the course of functioning. It is really gratifying to see DDU-KK to serve the need of mankind in a highly effective functional pattern and transforming youth of our society into proactive components of the society. Heartiest congratulations to all concerned.

Alumni, DLS(CM)  
Batch 2015-16

Presently, I am pursuing Ph.D. in information systems specializing in decision support and analytics from Dakota State University (DSU), South Dakota. All the faculty members at DDU-KK, DAVV, Indore supported me to enhance my skills and motivated me towards achieving the goal. The course Diploma in Logistics & Supply (DLS(Cargo Management)) from DDU-KK, DAVV helped me a lot in understanding the current trends and practices applied in industry. The faculty group is well versed with industry and academia experience which helped me gaining an edge over the regular courses. I feel proud to be one of the alumnus of this school and highly suggest the course to all the aspirants of cargo and logistics management and wish all the best for the great future ahead.

Logistics play an important role in today's economy. Imagine a world without transporting or delivering the goods from one place to another. Simply not possible even to imagine. In upcoming version of 21st century, Logistics and Supply Chain will be the most affecting sector in the development of the infrastructure and management of any business. In DDU-KK, DAVV, Indore, the course has been designed in such a way that practical knowledge along with the theoretical shows the entire scenario and importance of Logistics and Supply Chain. Along with the courses, the School also organizes short term programmes like communication, personality development, digital marketing, MS-excel etc. It in turn helps to upgrade skills side by side thereby grooming our personality, knowledge & management skills. I have personally experienced the benefits of the all regular and short term courses in the form of perks and increments in my job. My good wishes to all fraternity members of DDU-KK.

**Nitin Gohil**  
Alumni, DLS(CM)  
Batch 2016-17

**Siddhant Bargal**  
Alumni, DLS(CM)  
Batch 2019-20

It has been one of the best experience of my lifetime to study in DDU-KK, DAVV. I have learnt a lot from Logistics & Supply Chain Diploma Course, the teachers are very supportive, helpful and motivated towards student's development and growth. This course provides various job and business opportunities in logistics & cargo management sector such as purchase, store management, import & export, ports & harbor, airlines, trucking, packaging industries etc. The institute also organizes different co-curricular and social activities which help in personality development and enhances skills. As a result, I am happy to share that I got selected in Indigo Airlines.
